
Interiors, Upholstery and Shipwrights

Interior Designers

We can access the services of an interior designer company which is subcontracted to BSE Cairns Slipways and which places particular emphasis on quality and will leave no stone unturned in trying to create your vision. This personalised service offers competitive prices and a strong commitment to project deadlines. Fabric designs can be matched to suit existing interiors and new design selections offered with a stamp of creativity. We can even attend to the finest details such as recovering your guest books for each of the vessel's staterooms.

Shipwrights

We can access the services of a shipwright company which is subcontracted to BSE Cairns Slipways and which can work with designs from the classically simple to the most intricate and complex. The one consistent factor is the enduring quality of their work. Their expertise includes ship's joinery, teak deck repairs and replacement, teak deck handrails, French polishing, acrylic fabrication and repairs, latex and polyurethane casting and glazing. Materials are readily available locally and if not, can be sourced with a very quick turnaround.

Upholstery and soft furnishings

We can access the services of an upholstery company which is subcontracted to BSE Cairns Slipways and which can custom make upholstery and soft furnishing to suit a vessel including, seats and cushions for outdoor seating areas. Repairs to sunbrellas, vinyl upholstery and sails are also a speciality. Protective covers for interiors including carpets and mattresses can be fabricated, as well as for equipment such as tenders, liferafts and external seating areas and sunbrellas. Padded storage bags of all shapes and sizes can also be made to order.

Carpet / Stonework

Carpet and stonework replacement / repairs are available on request.
